Subject Curriculum Intent: 'Excellence in EAL'

To assess and identify students who require additional EAL support in order to fully access the standard curriculum within our international school. Students identified as being below the required level of English for their key stage are offered additional lessons, tailored to their individual needs in order for them to progress through the CEFR framework. The ultimate goal of SIH EAL lessons is for the students' to progress to the required CEFR level for their respective key stage, which would result in the EAL targeted intervention no longer being required.

SIH EAL students learn to:

- *Understand the main points of clear standard input on familiar matters regularly encountered in work, school, leisure, etc.*
- *Deal with most situations likely to arise whilst travelling in an area where the language is spoken.*
- *Produce simple connected text on topics which are familiar or of personal interest.*
- *Describe experiences and events, dreams, hopes & ambitions and briefly give reasons and explanations for opinions and plans.*
- *Understand the main ideas of complex text on both concrete and abstract topics, including technical discussions in his/her field of specialisation.*
- *Interact with a degree of fluency and spontaneity that makes regular interaction with native speakers quite possible without strain for either party.*
- *Produce clear, detailed text on a wide range of subjects and explain a viewpoint on a topical issue giving the advantages and disadvantages of various options.*
